

# 1. Client installation

## 1.1. Firefox

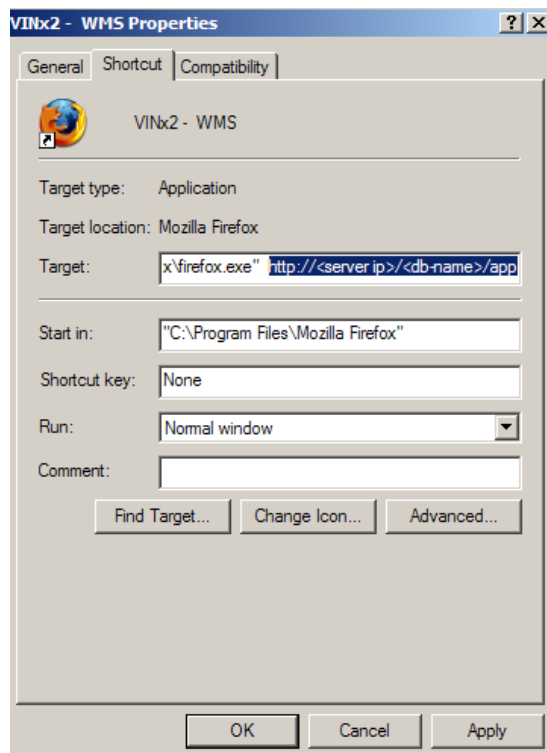

The latest version of Firefox is available from <http://www.firefox.com>. Install it onto each computer that will require access to VINx2.

Create two copies of the Mozilla Firefox desktop shortcut

Rename one "VINX2 - Production" and the other "VINx2 – DEMO".

Then open the Properties for each shortcut and add the respective database URL to the Target field. i.e. <http://YOUR-SERVER/YOUR-DATABASE/app>

Click OK.

## 1.2. Adobe reader

Adobe reader is required for a number of the reports available in VINx2. Download and install it from <http://www.adobe.com/products/acrobat/readstep2.html>

## 1.3. Allow pop-ups in Firefox

Open Firefox and go to Tools → Options → Content. Un-tick the option that says Block pop-up windows and click OK.
